For already several years we organize an education week about the Friesian Horse. Each time it's an big success. We organize it also in the German language.

One of the things the course will attend to is the judging of the Friesian Horse such as racial aspects, the conformation, structure of the legs, lameness and leg defects and the movements. Also part of the program is a visit to the order of inspections and a presentation from an veterinary and farrier giving all sorts of important informa-

tion especially about the Friesian horse. Furthermore the course will pay attention to the breeding goal and we are going to visit one of our inspections to judge a long the side of the arena with one of our judges in small groups and we will make time to do some sight seeing in Friesland!

The course will be organized in a in a period in which many other events take place in Friesland.
