Line # Element - Characteristic

Score (5-45)

Breeding Improvement Priority (1,2,3,blank)

1	Head - plain / noble	20	
2	Head/neck connection - heavy / light	20	
3	Neck length - short / long	25	
4	Neck - horizontal / vertical	20	
5	Shoulder - steep / sloping	35	
6	Back - weak / tight	20	
7	Loins - weak / tight	15	
8	Croup - straight/ sloping	20	
9	Croup Length - short / long	20	2
10	Body - downhill/ upstanding	20	
11	Length of forearm - short / long	15	
12	Front leg(s) - straight/ standing under	30	
13	Hind leg(s) - sickle hocked / straight	25	
14	Pastern length - short / long	20	
15	Hoofs - small / large	30	
16	Quality of legs - course/ hard	30	
17	Color - faded black / jet-black	20	
18	Hair growth - little / much	20	
19	Walk correctness - toeing-in / toeing-out	30	
20	Walk length - short / long	20	
21	Walk strength - weak / powerful	20	1
22	Trot length - short / long	25	
23	Movement/impulse - weak / powerful	25	
24	Trot Balance - unbalanced/ balanced	10	
25	Trot Suppleness - not supple/ supple	20	
26	Height - short / tall		3

Based on the mare's linear score, input a:
1 for the categories that the mare requires the most improvement, a
2 for secondary improvement,
3 for minimal improvement, or
(blank) for no improvement consideration.

Appreciative Score

Score (3-9)

Racial type	7
Frame	6.5
Legwork	7
Walk	5.5
Trot	6.5

Comments:

Yt is a studbook mare with good conformation but lacks in the movements. The height at 159 cm is marginal. The owner wishes to improve the walk, height, and good temperament. Priority for these improvements are first a powerful walk, second a longer croup to help provide room and power in both the walk and the trot, and third height. There is no longer a score for character and temperament so a soft "feel" will be applied. Additional consideration must improve balance and maintain an uphill build.
Only active European stallions will be considered.

Breeding Goals (see below)

Consider only US standing stallions (Y/N)

3-digit Stallion no. for report details

1-5

4

Y

425

No.	Breeding Goal:	Objective:
1	Best Pleasure horse, all around correct horse for stb.	Fix all the shortcomings and make an all-around good horse. Typically used for a studbook or 3e mare to move offspring up 1 or 2 premiums.
2	Best 1st premie Weanling to sell	This is a short-term goal to make a great moving horse with a good neck and shoulder. Mare is typically a ster. The right combination may work for a 3e mare. Sport/dressage type receives favorable scores.
3	Best 1st premie Mare/Gelding adult	This is a long-term goal that makes a great moving, well-balanced horse that shows good in-hand.
4	Model Mare	This is also a long-term goal that must show good both in-hand and in performance (under saddle and driving).
5	Approved Stallion	Approved stallions require a strong exterior and sport score while equally propagating a wide range of stallion lines and pedigrees. Pay strong attention to rare or narrow stallion lines and full mare pedigrees.
